DADS AGAINST DRUNK DRIVING

COMMITMENT FOR LIFE

As a DADD I agree to pick up you or your friends at any time should any of you find yourselves in a situation where you would have to drive after drinking or ride with someone who has been drinking. I agree to do this without question. This is my commitment to you and your friends.

You agree that if you have been drinking you will not endanger your life or the lives of others and will call DADD for a safe ride home. You also agree to be vigilant and to help protect the lives of your friends by calling a DADD for them should they be in need.
